Without it, we would have a harder time because most of our activities like cooking a dinner, heating a house, lighting a street, keeping a hospital open, running a factory all require energy. It's responsible to make everything happen and it is used by people, animals, plants, etc. (62) Thus, | ۱۸ |
| 37 | با توجه به پاراگراف داده شده، به موارد زير پاسخ دهيد. Children shouldn't play video games. But why? First, children should be active, so playing outside is better than playing video games. Second, many video games are harmful and can have bad effects on children's behavior; however, not all video games are harmful to children. Third, time spent playing videogames could be spent reading books or spending time with friends and family. In short, physical activities are better for children than playing videogames. 63) The supporting sentences of the above paragraph | 19 |
